

ENVIRONMENT POLICY

Trojan is a well-respected construction company that is involved in a full range of Buildings construction and Infrastructure Projects. We provide our Professional contracting services throughout Pakistan. It is the policy of Trojan to provide a service that exceeds our client's expectations. We do this, by attracting the most qualified employees and by seeking the most reputable and high quality sub-contractors and products.

Trojan has adopted Environment Management system that complies with the International Standard ISO 14001:2015.

Trojan has implemented an Environment Management System (EMS) which forms part of the company's Integrated Management System. We maintain compliance with applicable environment requirements and therefore are fully committed to following the international environment regulations.

Trojan is a flag bearer of sustainable development and has environment sustainability at the core of all its activities.

Policy Clarification:

Trojan is committed to the following objectives:

- Conserving our natural and cultural environment and using natural resources efficiently.
- Working towards ecologically sustainable development with regard to raw materials used, energy sources usage and the environment impact of our activities.
- Adopting a reduce, re-use and recycle approach.
- Adopting the best available and affordable technologies.
- Continuously improving our Integrated Management System which incorporates Quality, Occupational Safety and Health and Environment Management Systems.
- Complying with applicable legal and other environment requirements required to appropriately manage our environment aspects.
- Ensuring that company employees and contractors are informed about this Policy and are aware of their responsibilities.

QUALITY, ECONOMY, EFFICIENCY
